HOW TO USE THE STUDENT PARKING CARD:

Have your Student Parking Card ready before entering the car park. Hold your Student Parking Card FLAT for a couple of seconds on the card recognition device on the ticket machine and the boom-gate will open for you.

Do not take a ticket to enter the car-park as the student parking rate is not valid against a ticket.

You must park on Level B2 or B3 and remain there until you leave the car-park. Failure to do so for any reason will incur higher parking charges which are non-refundable.

Make sure your student card has a minimum of \$15 credit before you exit. You can top-up your card at any pay machine.
